

COLLABORATIVE DIVORCE TEXAS

COMMITTEE INTEREST

Collaborative Divorce Texas needs you! Much of the work accomplished each year by CDT is done in its Committees. The demand for Collaborative Divorce is increasing across the state through the efforts of CDT. We are looking to have our general membership more involved. Please review the Collaborative Divorce Texas Committees that need assistance to determine if your interests might coincide with the mission of a particular committee. If you are interested in sharing your skills, please let us know by filling out this form and emailing it to ronda@collaborativedivorcetexas.com.

Committees are limited in size and we will strive for geographic diversity while still being cost efficient.
